Welcome to 40104 166th St E. This freshly updated 3 bedroom, 2 bathroom home sits on a spacious .49 acre lot in Lake Los Angeles, offering nearly half an acre of room to spread out, garden, or simply enjoy the wide open desert sky. Inside, the home has been thoughtfully refreshed from top to bottom. New interior and exterior paint brightens every room, and durable laminate wood look flooring runs throughout for a clean, cohesive feel. The open living and dining area centers around a striking fireplace with a bold dark accent wall, creating a warm gathering space that flows easily into the kitchen. There, white shaker cabinetry, dark speckled quartz countertops, and stainless steel appliances bring a modern, move in ready feel to everyday cooking. A sliding glass door off the dining area opens to the backyard, keeping indoor and outdoor living connected. The primary bedroom offers a private ensuite bathroom, while a second full bathroom serves the additional bedrooms with a clean, updated finish. Outside, a brick perimeter wall and mature shade trees frame the front of the home, adding curb appeal and a sense of privacy from the street. Set on a generous lot with room to make it your own, this home is a wonderful opportunity in Lake Los Angeles, within easy reach of the Antelope Valley's everyday conveniences and open desert lifestyle.
